

IS YOUR COMPANY SEEKING QUALITY INTERNS FOR AVIATION AND AEROSPACE PROJECTS?

- ▶ The Commonwealth STEM Industry Internship Program offers a free online system through which registered Virginia-based companies select and hire interns from a large pool of pre-qualified Virginia college and university STEM students.
- ▶ Comprehensive applications are available through a searchable student applicant database.
- ▶ Program staff can assist with specific recruitment needs.
- ▶ Companies must offer a paid aviation or aerospace-related internship. Internship offerings can be for any period during the year.
- ▶ Funding subsidies available for aviation and aerospace internships: up to a maximum of \$4,000.
- ▶ Companies receive a plaque signed by Governor Youngkin recognizing their participation. Company interns are featured in hometown press releases.
